Offers Free Subscription to Eagle.

Mountain Eagle, Whitesburg, Ky.,

Dear Mr. Webb. Enclosed find my check to pay for one more year subscription to the dear old Bird. We can't keep house without it. I am also sending you a problem that you and I learned to work 50 years ago when we went to school - on Craft's Colley to the late Judge

Hall of Harlan Ky. Two boys, Jim and John, are on the opposite side of a circular wall which is 536 feet around. They both start walking at the same time, John goes 11 yards per minute, Jim goes 34 yards in 3 minutes, how many times will Jim have to go around the wall to overtake John?

The first boy or girl of school She abondoned the associations Blair was reported to be in a age that will send me the correct answer with the problem properly anlayzed, with a statement that they are in school age and

that they found the correct answer in ten minutes or less after reading, will receive one year subscription to the Mountain Eagle paid in advance by me First come first served. Get the Eagle FREE.

Success to the old Bird and all its readers.
