"Our newest sirship, the LZ-130, is completed except for inflation," said the 69 year old Eckener, president of the board of the German Zeppelin Transport company. "But the LZ-130 never will fly unless it is filled with helium.

"Do you know, it is just a year ago Friday that the Hindenburg. filled with hydrogen, burned at Lakehurst. Such a disaster never will happen again. That is one thing I know.
"If we do not get helium, there

"If the governor is absent from the state and the office of lieutenant governor is vacant the speaker will be called upon to perform some duties in the office of governor, but by the performance of those dutiese the speaker does not become governor.

"In like manner performing duties normally performed by the ieutenant governor does not make the speaker lieutenant governor. The attorney general holds, as he has publicly announced, that the constitution of the state does not rovide for a succession to the of fice of lieutenant governor and that office remains vacant. No other question seems to be in-volved."

As a result of the speaker's decision, permanent legislative employes now will receive their April salary checks totaling about \$600. Because the salary vouchers must have the signature of the presiding officer of the legislature—either the lieutenant governor's or the speaker's—before being honored by the state auditor, they have been held up pending Warner's signature.

the same area. Unless the Chinese defense cracks, foreign military observers believe only heavy reinforcements from Japan can prevent the war from dragging on for months more. New reinforcements for Japan's armies from Manchoukuo are considered impossible because of the tension there between Japan and soviet Russia.

Rumors of peace negotiations or mediation by a third power are becoming increasingly loud despite denials from Tokyo.

### HOLC ASKS TITLE.

KEARNEY, Neb. (AP). The Home Owners Loan corporation — in the first action of its kind here—has aled in district court suit to clear title to a foreclosed home in Kearney, against which Buffalo county also holds a lien because of blind assistance extended to its owner, Frank W. Johnson. The county, county assistance committee and the state of Nebraska are named defendants, since both state and local funds are involved.
